Army/DLA Overarching PBA

Formalizing the Logistics Partnership

BACKGROUND

- OSD directs formalization of all partnerships using performance based agreements (PBAs)
- PBA supports Force-centric Logistics Enterprise
- PBA provides structure and oversight for existing and future initiatives between the Army and DLA

PBA FOCUS

This PBA focuses on:

- Supply chain management and integration for DLA-managed consumable items from factory to foxhole
- Optimizing the Distribution System
- Improving Requirements Determination and Planning

OVERSIGHT STRUCTURE

- PBA to be signed by DA, Deputy Chief of Staff, G-4 and Director, DLA
- Establishes Partnership Council co-chaired by the DLA Army National Account Manager and Directorate for Sustainment, Chief, Supply Division
- Partnership Council will:
  - establish goals and strategies
  - invite additional members
  - meet at least quarterly
  - review and report on the progress of agenda items
  - recommend future agenda items

METRICS

- Initial metrics:
  - support balanced scorecard
  - are available in legacy systems
  - measure DLA's support to Army customers
- Development of enterprise metrics is an agenda item
